**Re: Written Ex Parte Communication – electronically filed in the proceeding captioned: In the Matter of High-Cost Universal Service Support, Federal-State Joint Board on Universal Service, WC Docket No. 05-337, CC Docket No. 96-45**

**Dear Commissioners Tate and Baum:**

The North Carolina Utilities Commission (NCUC) **has** not taken **any** official position in this proceeding. However, I am writing in my capacity **as an individual member of the NCUC.**

I **first** want to thank you and **your** colleagues for your **good and hard work** on the **Federal State Joint Board on Universal Service.** Universal service reform is a complex and difficult issue, but an issue **that is** critical to **all** consumers, particularly those in rural areas.

**Consumers** in rural parts of North Carolina **expect** access to the **same quality and types** of services **as** their urban counterparts. In addition to traditional landline service, they are demanding state-of-the-art services **that** include vertical services, **broadband** and wireless. Universal service support is an essential element of providing these vital services to rural areas with service levels and rates comparable to those available in urban areas. Specifically, **it is my belief**

that **rural consumers want and deserve access to the mobility and safety benefits that only wireless service provides.** Without **appropriate** support for the **expansion and upgrading of the rural wireless networks,** consumers in areas **lacking wireless service might not receive these benefits.**

I have observed that momentum **seems to be building at the Joint Board to attempt to resolve** concerns regarding growth **of the universal service fund,** As you deal with **this** issue, I **urge to you** consider **reforms that are fair and equitable to all providers** without regard to the **underlying technology.** Rural consumers want **and need expanded and improved services for public safety,** economic **development, business and personal needs that are equally as important to them as they are to urban consumers.** This is one of the **main** benefits that **rural consumers receive from the universal service fund,** just as Congress **envisioned when it initially established the fund.**

I **respectfully request that you carefully consider these facts as you seek to reform the existing fund.** I **ask you** to find **competitively neutral proposals to slow fund growth,** ensure accountability for how these **funds are used** and promote the continued **expansion and improvement of much needed services** in rural areas.

I thank **you** for **your** continued service to our **nation and for your willingness to deal thoughtfully** with these difficult and important issues,

**With best wishes, and warm personal regards,** I am

**Sincerely yours,**

**James R. Kenney**
